Tackling the fundamental question asked by all taxpayers — “How can I save on my taxes?”, attorney and CPA Mark Kohler empowers frustrated taxpayers to dismiss the common CPA jargon that their tax payment “is what it is” and ignore widely used tax talk like “you just make too much money.” Kohler reveals 8 life-changing tax principles, and teaches both wage earners and business owners how to apply fundamental, but underutilized tax strategies to achieve huge tax savings, greater wealth, and ultimately, a winning pursuit of the American Dream. Kohler presents wage earners with applicable strategies beyond writing off mortgage interest and contributing more to their IRA. Following the story of a typical family, tax payers discover the undeniable benefit of owning a side/or small business, how hiring their spouse and children can help their bottom line, the financial windfall that comes with owning rental real estate, and the secret success behind self directing their retirement plan, which is something 9 out of 10 CPAs don’t know or don’t talk about! Small business owners uncover new avenues for adding to their bottom line including how to save on health care and legitimate bookkeeping techniques that can put thousands back in their pocket—all illustrated through checklists, charts and templates available in the additional resources toolkit provided by Kohler.
